

Attachment 30**Paper Trash Collection Note**

2nd Grade
Dear Parents,

Our class will soon be investigating how much recyclable paper trash the average household generates in a week. Please save your recyclable paper (junk mail, newspaper, boxes, paper bags, etc) for one week in a trash bag. Please make sure that no food items are included on the paper. Paper must be clean. Please start collecting the recyclable paper on

4/8/2022 and send it to class on
4/22/2022. The class will weigh the trash and determine how each household could cut down on paper trash. Students will make action plans and then repeat the trash collection. I will let you know when the second collection will take place. If you have any questions, please contact me at stephensonm@platoacademy.net

Sincerely,

Maylin Stephenson
