

Dear Parents,

We will be exploring the idea of how gifts can become collectible items. We would like your child to bring in one item from any of their collections. They need to bring this item on 2/7/2022. Please be sure that the item is appropriate for school and that a child can be responsible for its transportation and care.

We are also looking for adult collectors who would like to share items from their collections. If you are interested in being a guest in our classroom and sharing from your collection, please let me know.

Sincerely,
